WHAT'S HAPPENING?

Twin cities Lady's club is expanding not just with our audience but with our selective cast this season season 2 we are introducing some of talented fellas of the TC to join us on this ride. we are also introducing a full cast this season with different dreams and goals. Can these ladies and gentlemen handle their business even if they can't see eye to eye?

Work together through their differences and still follow their dreams and still push each other to follow theirs? Can they make it in this thing called the entertainment industry or will they fold? Can they get through this journey no matter the obstacles they face? You know they say if you can't stand the heat get the heck out the kitchen this is no easy ride.

Might be the ride of a life time not just getting to know other people but maybe getting to know themselves more.

WHAT'S HAPPENING? CONT...

The Chop it up wit Pops show is all about the independent/underground artist... I invite local artists into my home. They sit on the couch wit me. We spin their music, give them an interview and smoke lots of sweet sticky weed...

This season on The Chop it up wit Pops show we are gonna have more exciting artists, more videos and lots more weed... Stay tuned or you might miss sumthin...

Property Authority is filmed in Detroit. The team specializes in eviction, squatter removal and tenant placement. Follow Ray and his team as they deal with danger interactions every day. Dont miss an episode!!

A Word From DJ Boom

Less than 6 months ago, the Boom Boom Room was a just a thought in my head. Now here we are with the first edition of the newsletter for a music channel that is exploding!

I am humbled by the hard work of everyone, from my associates, to the artists themselves that create the music videos. I see nothing but good things moving forward for this company

Once again I want to thank everyone's hard work in this effort. There is no "I" in team and team work makes the dream work. I love you all.

and this channel in 2023.

Signed,
The Visionary
